# Hi, I'm Adam Blair.

Multidisciplinary designer living in Salt Lake City, Utah.
Currently at SalesRabbit, amplifying sales workflows.

---

## Experience

### SalesRabbit
Lead UX Designer | Oct 2022 - Present

- Stabilized and grew the design team through intentional backfills, a clear growth framework and strong 1:1 feedback practices that built psychological safety.
- Elevated product credibility by driving a problem-first, data-informed culture and aligning Sales + Support as active partners in design decisions.
- Directed the mobile platform rewrite and unified design systems across products, improving scalability, consistency and delivery velocity.
- Championed AI-assisted workflows (Bolt, Cursor, Claude, Figma, ChatGPT) to accelerate prototyping, unify product copy, simulate personas and reduce engineering bottlenecks.

### Cricut
Senior UX Designer | Jun 2017 - Oct 2022

- Led UX strategy and design for Cricut Access, a core subscription service used by millions globally, contributing to growth in paid memberships.
- Launched social features in Cricut Design Space: user profiles, sharing, collections & moderation.
- Directed redesigns for shopping & checkout flows, significantly improving conversion.

### Overstock
Senior UX Designer | Jul 2015- July 2017

- Shaped the UX for checkout, email flows & partner-facing tools used by internal business stakeholders.
- Served as style guide gatekeeper, ensuring consistency across responsive platforms and mobile apps.
- Led user testing efforts with both consumers and partners to optimize cross-platform experiences.

### Intelity
Lead Designer | Jun 2010 - July 2015

- Led design across Intelity's hotel in-room app and CMS platform, used by clients like Four Seasons & Conrad hotels.
- Owned UX and UI for core product features and custom enterprise client experiences.
- Drove brand and marketing design, including trade show assets, presentations, & digital campaigns.
